

CVSS

Sailing for People with Disabilities

PERMISSION TO USE PHOTOGRAPHS OR VIDEO POLICY

During our normal activities CVSS may take photographs or video recordings of our members including but not limited to our sailors, carers, volunteers, group leaders and supporters. We may use these images on our website, Face book page or in printed material to share, promote and celebrate our activities.

Occasionally we may be visited by the media who may take photographs or video.

Our website and Face book page can be viewed by anyone throughout the entire world with access to the internet.

We will never use personal details or full names to identify any child or adult in a photograph, including in any accompanying text or photo caption.

To comply with Data Protection Regulations we will seek permission to use photographs or videos taken during the normal course of our activities.

For those over 18 years of age, permission will be sought from the individual and for any child or young person (up to the age of 18) or if over the age of 18 and incapacitated; permission will be sought from a parent, guardian or carer.

Permissions will expire two years after the start of each season or immediately upon receipt of an application (where a change of permissions is noted) or upon request.

Before using an image, CVSS will refer to the latest permission status recorded.
